

## Level 3 Sustainable Resource Management Apprenticeship

The Apprenticeship in Sustainable Resource Management combines on-and-off-the job training that will enable an apprentice to operate appropriately and in accordance with the requirements of their employer and the needs of the business

### Who is it For?

The Apprenticeship Framework is designed to deliver skills training to anyone in work, existing employees who do not have vocational qualifications and young people who are new to the Resource Management Industry.

### Sustainable Resource Management at level 3 – typical job roles

- ✓ Sustainability Officer
- ✓ Recycling/Refuse Collection Supervisor (Team Leader)
- ✓ Treatment (Physical/Chemical or Thermal) Supervisor
- ✓ Materials Recycling Facility/Household Waste Recycling Centre Supervisor
- ✓ Transfer Station Supervisor
- ✓ Biological Treatment (In-Vessel Composting/Open Windrow/Anaerobic Digestion) Supervisor
- ✓ Landfill Supervisor

### How does it Work?

The apprenticeship framework comprises five elements as follows:-

- ✓ Vocational Qualification mandatory and optional competence units from the Sustainable Waste Operative or Supervisor and Sustainable Recycling Activities qualifications at level 3
- ✓ Level 3 Certificate in Principles of Sustainable Resource Management – this is the knowledge element (technical certificate)
- ✓ Personal Learning & Thinking Skills (PLTS) - English Apprentices only
- ✓ Employment Rights & Responsibilities (ERR) – this is a mandatory unit in the Principles of SRM
- ✓ Key Skills in Communication & Application of Number or Functional Skills in English and Mathematics

## Level 3 Sustainable Resource Management Apprenticeship

An approved QSP Assessor will be designated to you following the registration process who will offer all the support and guidance to assess you through the qualification and training sessions.

Individuals will be required to build a portfolio of evidence for the level 2 and 3 part of the program which will be assessed against the set WAMITAB standard; the evidence will be collect by carrying out normal day to day duties. Attendance of classroom based sessions are undertaken to cover non vocational elements with supporting workbooks.

The award is delivered across approximately a 12 month period. This is on the job based assessment and training, plus classroom based activities. We envisage that our contact with your apprentice would be at least once every two weeks.

### What will I Gain?

On successful completion of these qualifications candidates receive a Level 3 certificate, along with their portfolio which has recorded their achievement to keep as reference

### What are the Benefits?

- ✓ Practical and functional
- ✓ A positive return on investment
- ✓ Increased competitiveness
- ✓ Increased productivity
- ✓ Reduced costs
- ✓ More potential for career progression
- ✓ Widening training participation
- ✓ Enhanced reputation
- ✓ Higher employee satisfaction
- ✓ Widening the talent pool and increasing your appeal in diverse markets
